Nîmes, le 1er octobre 2018

Dear Richard,

Your long-standing commitment fighting fracking and your heroic action of July 2017 blocking the lorries delivering drilling equipment to Preston New Road, is an example for us.

Your courage and dignity, preserve the human values that underlie our society. They oppose the motivations that led to your unfair condemnation that we are fighting.

We hereby express to you and the three others unfairly condemned, all our admiration and support.

Friendships.
